

Radio Waves Summer Camp

July 9 - 13 from 1 - 5pm for ages 12-18

Radio waves are all around us. Come capture them! Join us for Radio Waves Summer Camp where we'll build transistor radios, tour WPAQ radio station and discover the past, present and future of broadcast and ham radio. Professionals and amateurs will discuss sports casting, interviewing, storytelling, production, blogging and more.

Members - \$80

Non-Members - \$90

Fee covers activities, transistor radio kit and tools, snacks and tours.

For more information or to register, call Kate at 336-786-4478 ext. 228 or email krsmith@northcarolinamuseum.org.
